

TruGrow Greenhouses

are quality built, incorporating construction features that are attractive, efficient and durable enough to withstand our sometimes unpredictable Pacific Northwest weather.

DESIGN

The overall shape with the angled roof is unique to TruGrow Greenhouses.

FRAME

TruGrow Greenhouses feature all-welded aluminum frames for structural strength and durability.

GLAZING

TruGrow Greenhouses are glazed (covered) with 8mm twin-wall polycarbonate for superior insulation and light transmission, which translates into healthier plants.
